## **a.i. solutions Sponsors Inaugural Nationwide PGA Golf Tournament**

Lanham, MD, May 10, 2007 -- a.i. solutions announced today that it will sponsor the start and finish tents for The Melwood Prince George's County Open, a new PGA Nationwide Tour event to be held at the Country Club at Woodmore in Mitchellville, MD, during the week of May 21-27, 2007.

The Nationwide Tour, founded in 1990, has become one of the most highly competitive golf tours in the world, with the top 20 money winners graduating on to the Professional Golfers Association (PGA) Tour each year.

The Mitchellville tournament, which has a purse of \$600,000, is expected to have a significant economic impact on the community, bringing in as much as \$5 million in new monies for local businesses and the local government. Since 1938, the PGA Tour and its affiliate tours have provided over \$1 billion in charitable contributions.

a.i. solutions has been part of the Prince George's community since 1996 and chose to sponsor this event to support Melwood, a unique community asset, offering job training, employment, community living, leisure and travel opportunities for people with developmental disabilities in Maryland, Virginia, and the District of Columbia. Melwood's offices are located just a few miles from a.i. solutions corporate headquarters. a.i. solutions also has offices at Goddard Space

Flight Center in Greenbelt, MD, where Melwood has over 75 workers who perform landscaping and custodial work.

"We are very proud to be joining a team of local businesses in sponsoring The Melwood Prince George's County Open, which will not only provide great benefit for Melwood and our own local community, but it also gives local golf fans a chance to see some really great golf," says Robert Sperling, President and CEO of a.i. solutions.

From its start in 1996, a.i. solutions has been dedicated to acting on the ideals of philanthropy, teamwork and compassion, all with the goal of making the local and global community a better place to live. As such, the company is always on the lookout for opportunities to provide resources and support for the local community and local charitable organizations, as well as to further science and technology education in local schools.

Most recently, a.i. solutions staff participated in the March of Dimes WalkAmerica, raising over \$2100 to fund research to find out why premature birth happens and what can be done to prevent it. The company and its employees are also contributors to such organizations as the Saint Ann's Infant and Maternity Home and the So Others Might Eat (S.O.M.E.) soup kitchen, as well as the American Cancer Society Relay for Life.

### **About a.i. solutions**

Founded in 1996, a.i. solutions is an aerospace engineering firm that provides mission-critical products and services to NASA, the National Oceanic and Atmospheric Administration (NOAA) and the Department of Defense, including the various military services. a.i. solutions has supported the design and development of over 200 space missions and are the creators of the commercial space mission and analysis software FreeFlyer, with a team of expert-level engineers who are committed to the success of clients' missions.
